Discovery of Christians on an Indian Island.

We see it stated upon what may be considered reliable authority, that 30,000 Christishs have recently been found upon an island north of Celebes. It has been rumored for a time that there was there a Christain people forgotten and forsaken, which, howover, yet possessed to ree Bibles, and continued steadlast in the faith. When missionaries first landed on the island, they met with a school teacher and his pupils, who repeated in the Malayan tongue, "As the hart panteth after the water brocks, so panteth my soul after thee, O Lord." No Bibles were found, but its most precious promises were written upon the bark of trees. They knew the Apostles' Creed, and the Heidelberg Catechism, and the Christian customs. Twenty churches and schools yet existed. Through the instrumentality of paster Heldring, founder of the Magdalen Asylum at Steinbeck, and chief patron of Inner Missions in Holland, four missionaries, who had been eduested under the venerable Goesner, were sent out, and 3,000 persons baptized. This is certainly an interesting discovery. The island on which these Christians were found belongs to the East India Archipelago.-The Dutch have for years had political rule in this region. This may account for the original introduction of Christianity among this people, and for the fact that the Heidelberg Catechism was still found in their possession. But still, the particular time and circumstances in which this introduction took place, may well challenge special attention, and elicit investigation from those who have the leisure and facilities for prosecuting it - German Reform Mes.

[COMMUNICATED.

A paragraph in the Gazette in the News of the Day, states that "Cincinnati, containing over two hundred thousand inhabitants, and doing a larger business than any other Western city, has only \$50,000 of Banking capital under the name of the Commercial Bank. The banking business is, therefore, done by private bankers, whose entire capital, as sworn to is only \$1,658.119." This is but confirmatory of the opinion I have always beld, perhaps, "solitary and alone," that the want of banking capital is not the esuse of the depression in Alexandria; but for the present condition of affairs and the acknowledged gloomy prospects. An excellent communication signed "STREETS" was published a few days ago, which binted at various other matters besides "want of banking capital." Where taxes are heavy, (state and city) reuts are high, and means of speedy and cheap trade furnished to other large cities, overshadowing and drawing the vitality from the smaller place, what is to be done? That is the question. I say, nothing but making Alexandrira a MANUFACTURING town, and encouraging the building of vesselsand the Coul Trade. It has ceased to be the fushion now to call a man a croaker, because be dares to look facts in the face and express at home, what everybody sees and knows ALEXANDRIA.

By Yesterday Evening's Mails. Shocking Affair at the Fauquier White Salphur Springs.

Correspondence of the Alexandria Gazette. WARRENTON, August 24 -1: becomes my painful duty to inform you of a most dietressing occurrence at the Warrenton Springs, which has cast a gloom over our whole community. Your readers will recollect that about three weeks ago you published a paragraph from the Washington Star, in which it was stated that Mr. Carver, of Alabama, and James Green, of this county, had left the Warrenton Springs, and repaired to the District, for the purpose of fighting a duel, which was prevented by the arrest of Carver. The cause of this difficulty was not made public. Both parties, however, returned to the Springs, where they remained till the present time. It appears that the difficulty had not been adjusted, and that illteelings still existed. Last night, Carver regard to all government expenses. The apwas heard to curse the Green family generally, which, reaching the ears of James Green, excited the latter very much. After the dancing was over in the ball-room, Green came in contact with Carver, stabbing bim with a bowie knife, and killing him instantly. There were two eye witnesses to the affir, but they differ materially in their statements. One of them states that Carver collared Green before the latter made an attack upon him-the other states that Green was not collared by Carver until G. had made a pass at him with the knile.

The affair has produced a feeling of deep regret throughout the whole community, as who knew them. Green made no attempt to escape, and was immediately arrested by Deputy Sheriff Wall, who was present at the Springs. He is a son of the late Jones

His only objection, he stated, to giving his consent at once to the purchase, was the enormous expense to which the government is at present subjected, and the deterpropriation for the Custom House here, however, was made by Congress, and there remains a considerable surplus on hand to the credit of the building-a sufficient amount to make the proposed purchase, and properly adorn the lot. Now, there have been very few, if any, of the Custom Houses recently

built, that the cost has not exceeded by considerable sums the amount appropriated, and when a balance remains, it is usual to use it and especially in this District. Being the up in some adornment, which, in many in- seat of government, the people of the United stances, is neither useful or necessary. In States have reason to expect, and will always both parties were bighly esteemed by all the case of our Custom House, its whole appearance will be detracted from unless this house is removed; and by its removal, not serve the lives and property of the citizens only the building is improved in appearance of this District, and the public property, from and the grounds greatly beautified, but the invasion. I have long been intimately accity will be materially a gainer, for we know I now say, what I have said a hundred times of no one thing that would be of greater | before, that I do not believe there is a better, benefit to Alexandria than a public square, situated and arranged as this would be. Besides, as we have before stated, to carry out the original design of the superintendent of the building, it is necessary, in order to parts of the country, who are too apt to asmake a wagon road for the mail carriages. that this house should be removed.

FRANCIS L. SMITH, Com'rs. LAW. B. TAYLOR, aug 16-cots VALUABLE FARM FOR SALE.—The undersigned executors of Duff Green, deceased, offer for sale the beautiful Farm, "VAL-LEY VIEW," lying on Potomac Run, in the county of Stafford, five miles and a half north of Fredericksburg, and four and a half north of Falmouth, and one mile from the Richmond, Fredericksburg and Potomac Railroad, at the Bridge Turn Out on Potomac Run. It contains nearly FOUR HUNDRED ACRES. A very large proportion of the cleared land is bottom, while the high land is in MAGNIFICENT TIMBER, of almost every description, but principally FINE PINES and WHITE OAKS, of superior growth and quality-we have no hesitation in saying the best in all this section of country, and much more than the purchase money might be realized, it is thought, from the timber alone. The arable land is of fine quality, every acre of which (not now under cultivation) is well set in Grass. The situation is healthy, with an abundance of Fine Free Stone Water, and is in a thickly settled and pleasant

neighborhood The buildings consist of a first marter HEWN LOG HOUSE, with four rooms, a KITCHEN, BARN, CORN HOUSES, and STABLES, ICE HOUSE, CABINS, and all necessary buildings. There are a number of most beautiful BUILDING SITES on the Farm. At present there is a SAW MILL within a few hundred yards of the Farm. Indeed, altogether it is a most desirable FARM. The general yield is about twenty bushels of wheat per acre; and it will not fall far short of it this season, bad as it has been. A further description is deemed unnecessary, as persons wishing to purchase would probably

examine for themselves. If not sold privately before, it will be offered at public sale on the premises, to the highest bidder, without reserve, on the 21st day of September next, if fair, if not, on the next fair day And immediately after this sale all of the STOCK, consisting of HORSES, MULES, CATTLE, and HOGS, the FARM-ING UTENSILS, HAY, (some eight or ten Stacks.) a large lot of STRAW, and the GROWING CROP OF CORN, will be sold.— Persons wishing to make a desirable investment would do well to give this Farm their at-

tention. Any further information can be had of the subscribers, who will take pleasure in exhibit-

ing the property.

Terms made known on day of sale.
